Performance Checklists and Practice Guides

Performance Checklists

- Are easy and quick, limited to one page
- Can be used to develop a plan to promote a practitioner's use of the practice
- Can be used to promote a family's use of the practices
- Can be used to evaluate the joint work between practitioner and family

Practice Guides

- Use evidence-based adult learning practices meant to be shared within the context of a conversation
- Provide a vignette that illustrates the use of the practice
- Unpack the characteristics of the corresponding performance checklist
- Are developed primarily for practitioners and families

Performance Checklists and Practice Guides

- Are based on DEC Recommended Practices
- Are available in English and Spanish (Family Practice Guides) Are consistently formatted
- Field-tested by practitioners who provide early intervention and early childhood special education services and the families who receive those services
- Used feedback to revise the products
